## COUNCIL

### **Special Appropriation to the County Government's FY21 Operating Budget, Department of Health and Human Services - \$371,761 for Support Payment to Organizations Directly Serving Developmentally Disabled Persons**

On Tuesday, July 7 at 9:30 a.m. the Council will introduce a special appropriation of \$371,761 to the County's Department of Health and Human Services' (DHHS) fiscal year 2021 (FY21) operating budget for support payments to organizations serving developmentally disabled persons. As a part of its approval of the FY21 operating budget for the Montgomery County government, the Council appropriated \$17.6 million to provide support payments to eligible organizations that provide direct services to people with developmental disabilities, including residential and community supported living arrangements, day habilitation and other necessary support services. This amount was not adjusted for six new eligible organizations. The estimate for a continuity of services budget that accounts for these new organizations requires \$371,761 in additional funding. Councilmembers Gabe Albornoz, Evan Glass and Craig Rice are the lead sponsors. The Council's Health and Human Services (HHS) Committee recommends approval. A

public hearing on this appropriation is scheduled for July 14 at 1:30 p.m. The Council staff report can be viewed here:

**Special Appropriation to the County Government's FY21 Operating Budget - \$1,500,000 for Conference Center Non-Departmental Account (NDA)**

The Council will introduce a special appropriation of \$1.5 million to the Conference Center NDA's FY21 operating budget. The Executive requests this special appropriation to support the operating expenses for the Montgomery County Conference Center in the event its revenues are insufficient to cover operating expenses in 2020. Council President Sidney Katz is the lead sponsor, at the request of the County Executive. A public hearing on this appropriation is scheduled for July 21 at 1:30 p.m. The Council staff report can be viewed here:

**Special Appropriation to the County Government's FY21 Operating Budget, COVID-19 Human Services and Community Assistance NDA - \$3,000,000 for Assistance to Community Clinics, Medical and Dental Practices**

The Council will introduce a special appropriation to the Human Services and Community Assistance NDA's FY21 operating budget of \$3 million for assistance to community clinics, medical and dental practices that serve County residents. The Covid-19 health emergency required medical and dental practices, including community clinics, to stop non-emergency, in-person visits which has put a financial strain on many providers. In addition, many health providers have incurred additional expenses associated with transitioning to telemedicine and to acquire personal protective equipment. The full Council is the sponsoring this appropriation. A public hearing on this appropriation is scheduled for July 14 at 1:30 p.m. The Council staff report can be viewed here:

**Special Appropriation to the County Government's FY21 Capital Budget and amendment to the FY21-26 Capital Improvements Program, Housing Opportunities Commission - \$2,800,000 for Housing Production Fund**

The Council will introduce a special appropriation to the FY21 capital budget and FY21-26 Capital Improvements Program (CIP) of the Housing Opportunities Commission (HOC) of \$2.8 million for the Housing Production Fund. Councilmembers Hans Riemer, Andrew Friedson and Will Jawando are the lead sponsors. This appropriation will fund the creation of the Housing Production Fund and allow HOC to issue \$50 million in bonds. County funding will increase to \$6.8 million annually to allow HOC to increase the bonds to \$100 million. The funds will be used for construction period financing, which will allow HOC to accelerate projects in its development pipeline. HOC estimates it can create nearly 8,800 units of housing with the assistance of this fund. At minimum, 20 percent of the housing units will be affordable to households earning 50 percent or less of area median income and ten percent of units will be affordable to households earning incomes eligible for the Moderately Priced Dwelling Unit program. A public hearing on this appropriation is scheduled for July 28. The Council staff report can be viewed here:

**Special Appropriation to the County Government's FY21 Operating Budget, Department of Housing and Community Affairs (DHCA) - \$4,847,976 for Emergency Solutions Grant COVID-19 (ESG-CV)**

The Council will introduce a special appropriation of \$4,847,976 to the FY21 operating budget of DHCA for a Covid-19 emergency solutions grant. Moving people out of homelessness is a priority strategy to address Covid-19 because housing is essential to health. The federal government has awarded additional Emergency Solutions Grant (ESG) funding in response to the emergency as a part of the CARES Act. Council President Sidney Katz is the lead sponsor, at the request of the County Executive. ### **MCFRS Executive Regulation 6-20, Adoption Schedule of Fees for Emergency Medical Services Transport Reimbursement Program**

The Council is scheduled to vote on Montgomery County Fire and Rescue Service (MCFRS) Executive Regulation 6-20. The regulation revises the existing Emergency Medical Services Transport fee structure to align it with current Medicare rates and eliminates the required annual increase by the amount of the Ambulance Inflation Factor (AIF). MCFRS' approved FY21 budget revenue projection reflects the new fees. The Council's Public Safety (PS) Committee recommends approval. The Council staff report can be viewed here:

The bill would require the payment in lieu of taxes that would exempt 100 percent of the real property tax that would otherwise be levied for a period of 15 years beginning in the year a use and occupancy permit is issued for the qualifying development. **Special Appropriation to the County Government's FY21 Operating Budget, Department of Health and Human Services - \$592,202 for Mobile Crisis Response**

The Council will hold a public hearing on a special appropriation of \$592,202 to the FY21 operating budget of the County's Department of Health and Human Services (DHHS) to expand mobile crisis response services. DHHS operates the Crisis Center and staffs one Mobile Crisis Team, which is based in Rockville. The Mobile Crisis Team is a two-person team that responds to calls made directly to the Crisis Center and when the police request their assistance as a part of a police response. Currently, the Mobile Crisis Team can only respond to one call at any time. While work on scaling up this response model is underway, the need has been identified for additional licensed social workers in DHHS to lead additional Mobile Crisis Teams. This special appropriation would fund three social worker positions, so that the hiring process may begin to expand these response teams. The funding includes bi-lingual pay and it is critical that these positions include those who can serve residents for whom English is not their primary language. The full Council is sponsoring this appropriation. A joint PS and HHS Committee meeting is tentatively scheduled for July 9. The Council staff report can be viewed here:

The special appropriation provides \$250,000 in mini-grants of up to \$3,000 to individual artists and \$3 million in general operating support grants to organizations. Compared to surrounding jurisdictions, Montgomery County's arts and humanities sector has experienced the highest loss in revenue due to canceled performances, exhibitions and events, since Maryland Governor Hogan's Executive Order was issued to close performing and visual arts, concert and film venues as well as museums. This appropriation, which was initiated by Councilmembers Craig Rice and Evan Glass, is sponsored by the full Council. The Council staff report can be viewed here:

Councilmember Will Jawando is the lead sponsor. The Council staff report can be viewed here:

The funding supports staff salary, outreach and administrative costs for the program in the County. The Business Continuity Task Force will provide technical experience for small and mid-size technology and life sciences businesses in the County to aid in navigating the economic landscape that has been shaped by the global pandemic. The support will include assistance to retain and rehire staff, maintain revenue streams and access capital. The full Council is sponsoring this appropriation. The Council's Planning, Housing and Economic Development (PHED) Committee recommends approval. The Council staff report can be viewed here:

**Expedited Bill 27-20, Police - Regulations - Use of Force Policy**

**On July 7 at 7:30 p.m.**, the Council will hold a public hearing on Expedited Bill 27-20, which would require the police chief to adopt a use of force policy directive and require the use of force policy to include certain minimum standards to protect the public. The minimum standards would, among other things, include: prohibiting a member of the police force from using deadly force, including a neck restraint or carotid restraint unless it's a last resort to prevent serious bodily injury or death of an officer or another person; the use of such force creates no substantial risk or injury to a third person; and reasonable alternatives to the use of such force has been exhausted. The bill also requires officers to intervene, if they witness the excessive use of force by another officer. Councilmembers Will Jawando, Craig Rice, Nancy Navarro and Gabe Albornoz are the lead sponsors. All other Councilmembers are cosponsors. This legislation is necessary to help to prevent the unnecessary use of force in police enforcement actions and ban certain practices that can contribute towards unnecessary deaths and serious bodily injury.

At the PS Committee meeting on Expedited Bill 27-20, it is expected that several amendments to the bill will be discussed including: prohibiting no-knock warrants; prohibiting shooting at vehicles; requiring written police guidelines for interactions with individuals with disabilities; and prohibiting neck restraints and carotid restraints in all circumstances.
